Only 25 Mins to the 7th Century town of Saalfeld, a big attractive vibrant city offering everything expected of such an important hub including easy (And fast) Intercity rail access to Berlin and Munich, amongst other places. Note that the roof requires attention and a couple of rooms will require work before the property is habitable. In the 16th Century, the town of Saalfeld was redesigned from the ground up, with many of the houses and town structures created in lavish Renaissance style. The local economy is booming, nearby towns are involved in modern manufacturing of both Blue Chip goods and traditional products such as Malt, Vinegar, machinery and brewing. DÃ¶schnitz is located in pristine mountainous forests of Thuringia, a province well known for its winter sports, supplying half of the gold medals for overall medal table winner Germany in the 2006 and 2010 Winter Olympics. For entertainment there is a Multiplex cinema, library and lots of individual shopping outlets, and you'll find the usual supermarkets, hardware stores etc in town also. If you like Mcdonalds, then you'll find one at the huge out of town retail park before you enter Saalfeld. Your property is located in a true mountain setting, the property has all the modern facilities you'll ever likely need including: Nicely decorated, large rooms At least 10 bedrooms All singing, all dancing, top of the range oil fired central heating system Radiators in rooms fed from the main heating system Bathroom with shower, 3 WC's (Two in perfect order, one not fitted yet) UPVC windows, all appear in excellent condition Kitchen Lots of cupboard space Loads of private parking space 200 SQM+ floor space You have both front and rear doors with the rear leading out to the garden and parking. The front door exits out to a very attractive covered porch, the gates are forged wrought Iron, clearly created by a skilled Blacksmith, the gates are assumed to date back to the early 1900's. Look through all the images, the more you see, the more you will love this large home, more than suitable for running a business such as guest house, holiday lets or simply as a large family home to boast about to friends back home in the rather less fabulous UK. Much of the property has been upgraded over the years, with inset lighting, modern bathrooms, wall to wall carpets and the most beautiful timber features we've ever seen in such a property.
